

Flip book

Category: drawing	Group size: 10
Age range: 6-15	Duration: 1-2 hours
Language level: basic	Materials: manila folder, drawing materials.
	Activity link:

Introduction

In this activity children will create a flip book about growth and movement. When held with one hand and flipped with the other, it looks like the child's drawings are in fact moving. You may like to experiment with different kinds of movement, for example, a person walking, a bird flying etc.
