

Sculptural birds

Category: sculpture	Group size: 2-10
Age range: 7-12	Duration: 1-3 hours
Language level: basic	Materials: paper, drawing materials, buttons, material etc.
	Activity link:

Introduction

In this activity each person will create their own bird. The bird is stuffed with paper and can be decorated very simply or can be rather complex. Apart from simply decorating the bird with paint or crayons, children may like to stick on material, buttons or beads.
